YOGA TEACHER & ENERGY HEALER

2020-present

Tara Yoga guides you towards optimal mind body health through asanas, pranayama, mindfulness and chakra balancing, offered in group, private or corporate sessions, either in person or online. I integrate my experience as a trauma, ICU and maternity nurse and Reiki master to meet people wherever they are in the present moment, and guide them towards their optimal health. I do this by designing yoga flows based on the individual health issues and concerns of each individual as well as offering guided meditation and energy healing.

CASTING DIRECTOR www.tarakcasting.com

2015-present

Based in Luxembourg, Tara K Casting provides casting and coaching for films, commercials, voice-over, theatre and corporate projects for actors, special extras and extras as well as other talents. We also provide on-set support for management of the extras and crowd AD assistance.

GFCA LUXEMBOURG

2013-present

I partnered with Giles Foreman to provide English acting workshops in Luxembourg, as a satellite to his London based drama school GFCA. We made a short film in 2013 and produced a play in 2016. I offer coaching for actors as part of the education side of my work.

REGISTERED NURSE

1995-present

I have worked as a nurse in Canada, USA and Australia between 1995-2004. During the COVID pandemic, when all of the artistic projects were cancelled, I was able to get my nursing diploma recognised and obtained the right to work as a nurse here in Luxembourg, where I spent over two years working predominantly with refugee mothers and babies as a perinatal nurse. I am now looking to move back into the cultural sector. If you wish to see my nursing CV, I would be happy to share it with you.
